No thanks, I have enough

What would you like your students to know? I love treats for my dog. She loves milkbones and squeaky toys if you ever don't know what to get for me!! LOL (A treat for the dog is a treat for me!)

Do you have a wishlist/items you'd love? Smarties, Colored or Scented Stamp Pads for stamping the children's papers, prizes for the prize box (empty out your drawers at home because USED is ok!) , Anything fun with Unicorns, Birthday FUN pencils, boxes of unfrozen popsicles (any cheap kind) for the students that I can freeze for class reward, 3 little AA batteries for special effect lighting, paper plates (any size), paper cups (any size), fun stickers (any kind), napkins, dollar store gift cards to run up and get supplies for special projects. THANK YOU for anything! I appreciate you already
